INTRODUCTION

Since 1993, we've been dedicated to transforming spaces with timeless craftsmanship. Rooted in the rich heritage of joinery, our Herefordshire-based workshop has spent 30 years blending modern technology with traditional techniques to create bespoke timber products.

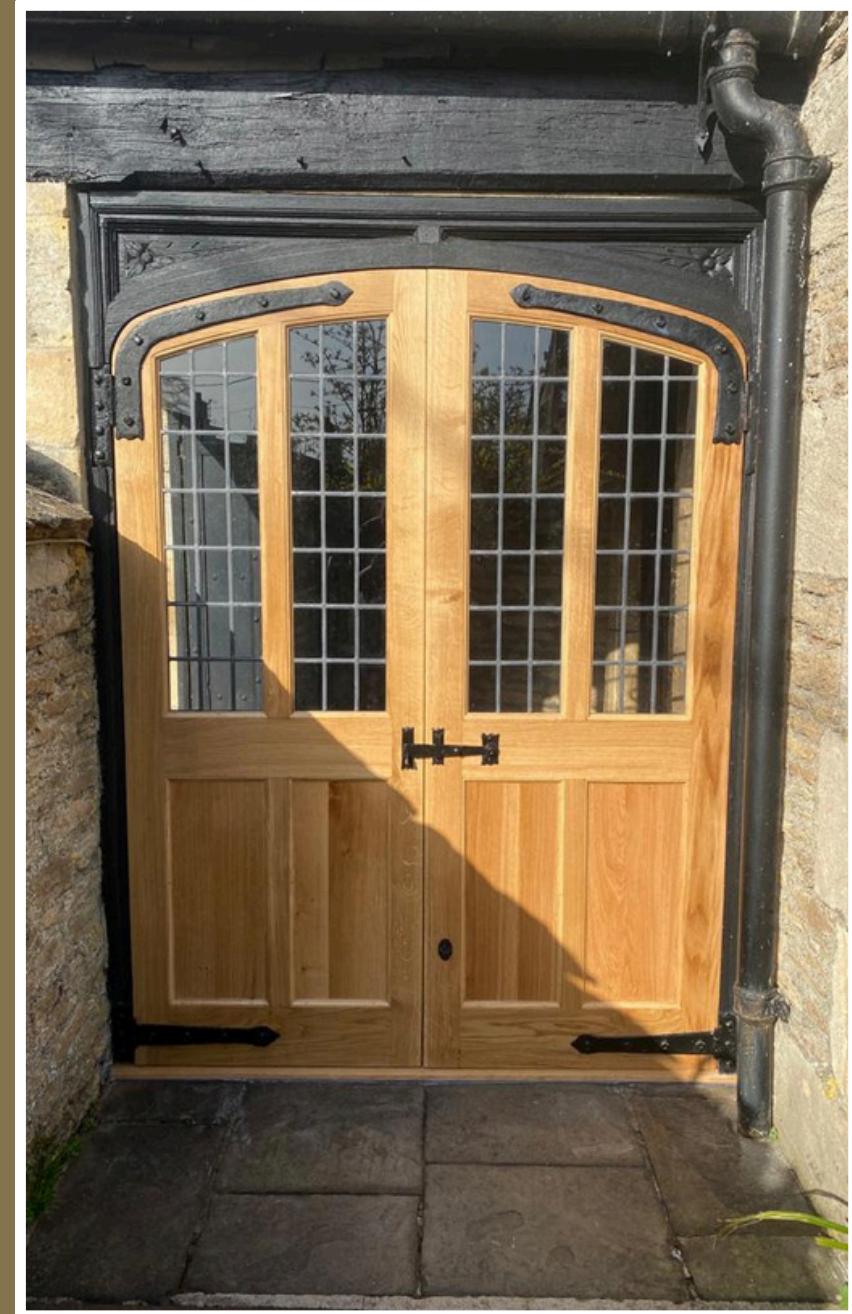

From stunning timber windows and doors to bespoke garden rooms, kitchens, staircases, and panelling, we bring visions to life with beauty and functionality. Crafted with precision and passion, each piece reflects your unique vision, showcasing the character and craftsmanship that make joinery truly special. It's all in the making.

Whether enhancing your home with custom-made features or adding a unique touch to your space, our joinery services ensure unparalleled quality and attention to detail.

Please take a moment to explore our brochure and discover our extensive joinery range. For more details, visit:

Yours sincerely,

Jack Evans
Managing Director

TIMBER DOORS

PRODUCT INFORMATION

Where Do We Source Our Timber From?

Our timber is supplied by Pontrilas Merchants, with premium hardwoods from Africa, cedar from America, and oak from Europe.

Where Is Our Timber Manufactured?

Everything is crafted in-house at our UK joinery workshop in Pontrilas, Herefordshire, ensuring quality from start to finish.

What Types of Timber Do You Use?

We work with both hardwood and softwood, predominantly using Idigbo, Oak, and Accoya – which comes with a 50-year warranty. Other timber options are available on request.

Is Our Timber Environmentally-Friendly?

All our timber is FSC-certified, meaning it's sustainably sourced.

What Types of Finishes Are Available?

We offer a wide range of finishes including lacquer, paint, and oil. Accoya can also be pressure treated for added durability.

Do You Provide a Warranty?

We offer a 10-year warranty on all timber joinery and 5 years on glazing

TIMBER PANELS

WINDOWS

With over 30 years of expertise, we craft made-to-measure timber windows that blend timeless style with lasting performance. Choose from a range of styles, finishes, and optional features, including high-security locks and premium glazing, all tailored to your home. Built with care, made to last!

Flush Casement Windows

Our flush casement windows offer a sleek, streamlined finish with openers that sit flush within the frame. The cottage style features slimmer sections to maximise natural light and solar gain, while the contemporary version includes a double rebate for enhanced performance, ideal for coastal or exposed locations.

Stormproof Casement Windows

Our stormproof casement window combines the classic elegance of a traditional flush design with enhanced weather protection. The opening sash overlaps the outer frame more substantially, offering increased resistance to wind and rain—ideal for homes in exposed or extreme environments.

Sliding Sash Windows

Our sash windows are available with two smooth-operating counterbalance systems. The traditional lead-weighted option uses concealed weights and cords within the frame for classic functionality. Alternatively, the spiral balance system offers a modern take, using a spring-loaded mechanism for a slimmer frame and the same effortless operation.

TIMBER WINDOW

TIMBER WINDOWS

TIMBER DOORS

DOORS

Our handcrafted timber doors combine timeless charm with modern performance. From stable, French, and bi-folding doors to beautiful internal and bespoke front doors, each is made to order in your choice of woodgrain, colour, and finish. With high-security hardware, smooth operation, and durable construction, they offer the perfect blend of style, strength, and functionality.

Front Doors

Our conventional and contemporary bespoke front doors are expertly crafted using full mortice and tenon joints, glued and wedged for lasting strength and stability. For a rustic touch, our ledged and boarded oak doors offer a charming farmhouse look, making them a popular choice for traditional cottages and characterful homes alike.

Casement & Stable Doors

Our French and half-glazed casement doors bring light and elegance to your space, with openers that sit flush within the frame for a clean, classic finish. Stable doors offer a practical solution for kitchens and boot rooms, allowing fresh air in while keeping pets out – perfect for country homes or rear entrances.

Bi-Folding Doors

Our timber bi-folding doors are ideal for transforming your living space, offering a seamless transition between indoors and out. Designed for smooth, effortless operation, they let you open up entire walls, filling your home with natural light and creating a fluid connection to your garden or patio.

TIMBER DOOR

KITCHENS

Bespoke Timber Kitchens

A bespoke kitchen is both a beautiful centrepiece and a valuable investment for your home. At Advance Joinery, we use high-quality timber and expert design consultation to create custom kitchens that complement your home's character and style.

Each kitchen is handcrafted using traditional joinery techniques for an authentic, timeless finish. Units are built in our workshop and carefully reassembled on-site to ensure precision, quality, and a perfect fit.

You can further personalise your kitchen with a choice of traditional materials, colour treatments, and finishes, with our expert team on hand to guide you through every step. For a seamless experience, our dedicated installation team provides a full fitting service.

TIMBER STAIRCASE

STAIRCASES

Step Up Your Interior with a Stunning Timber Staircase

Elevate your space with a beautifully crafted timber staircase that combines style, functionality, and long-lasting quality. At Advance, we're passionate about precision and craftsmanship, ensuring each staircase is not only built to last but designed to impress.

Why settle for something ordinary when you can have a true centrepiece that adds value and character to your home or business?

Our bespoke timber staircases are among the finest examples of our joinery work. Designed and built at our Herefordshire-based workshop, each staircase is made to order using premium timber species such as English or European oak, chestnut, or maple. Whether you prefer an oiled, stained, or painted finish, we tailor every detail to suit your style and space.

From compact homes to large commercial settings, we can design and manufacture staircases to fit any layout or challenge. Bring your own plans or let our expert team guide you through the design process. With our full in-house service, including planning, manufacturing, and fitting, we make it easy to transform your space with a staircase that's as functional as it is beautiful.

At Advance, we're dedicated to delivering exceptional results - without the hassle.

TIMBER STAIRCASE

CONSERVATORIES, ORANGERIES & EXTENSIONS

Add timeless character and practical space to your home with a bespoke timber conservatory, orangery, or oak-framed extension. Whether attached or standalone, each one is expertly crafted to last, and to impress.

Timber conservatories are light-filled glazed spaces, perfect for enjoying garden views, while orangeries offer a more solid feel with timber pillars and a partially glazed roof. Both create stylish, energy-efficient living areas you can use year-round.

Oak-framed extensions and outbuildings add long-term value and charm. Pre-assembled in our Herefordshire workshop, each frame is built with precision and installed efficiently on-site.

Durable, low-maintenance, and tailored to you, our timber structures are a beautiful way to expand your home.

OAK FRAMED EXTENSION

CART SHEDS & GATES

TIMBER GATE

Timber Cart Sheds/Car Ports

Our oak car ports — also known as cart sheds — offer the ideal blend of practicality and timeless design. Built from high-quality timber, they provide reliable protection for your vehicles while enhancing the rural character of your property. Each structure is made to order and can be tailored with or without doors for added security and convenience.

We also create more complex oak-framed buildings such as multi-bay garages and custom workshops. Whether you need extra storage or a sheltered outdoor workspace, our expert joinery ensures a build that's both functional and beautifully finished.

Bespoke Timber Gates

We design and craft stunning timber gates for driveways, gardens, and home entrances. Each gate is handcrafted from durable, sustainably sourced timber and built to suit your space and style. From classic five-bar gates to solid, statement driveway entrances, we offer a range of designs to elevate the look and security of your property.

Made to measure with care and attention to detail, our timber gates provide the perfect finishing touch to any home or outdoor setting.

INTERIORS & HOME OFFICES

Beautifully Bespoke Bathrooms, Fitted Wardrobes & More

With over 30 years of experience, we create bespoke timber joinery that combines timeless elegance with practical design. From bathroom cabinetry and vanity units to fitted wardrobes and integrated storage, every piece is made to measure and crafted to the highest standard.

Whether classic or contemporary, our work enhances both space and character. We've proudly contributed to listed buildings and country homes, producing everything from oak panelling and bookcases to roof lanterns and window shutters, all thoughtfully designed to complement the architecture.

Oak Home Offices

Dreaming of a home or garden office? We design bespoke oak spaces tailored to your lifestyle, whether for work or leisure. Naturally insulated and full of character, our oak offices offer year-round comfort in a calm, light-filled environment - an ideal investment in both your productivity and your property.

IRONMONGERY COLLECTION

From the **Anvil**
www.franzheanvil.co.uk
SPECIALISTS IN TRADITIONAL IRONMONGERY

IRONMONGERY

At Advance Joinery, we provide a wide selection of high-quality window and door furniture, available in both contemporary and traditional styles. Whether you're looking for classic charm or modern simplicity, our range includes everything from handles and knobs to letterplates, hinges, and matching window fittings - offering something to suit almost every type of property.

Our in-house display features a carefully curated mix of finishes, including polished brass, pewter, solid bronze, and antique black iron. This hands-on showcase allows you to see and feel the quality for yourself, helping you choose pieces that perfectly complement your windows, doors, and overall design scheme.

Whether you're working on a full renovation, a new build, or simply refreshing existing details, our ironmongery collection is designed to elevate the final finish. Many items are crafted by experienced UK manufacturers, with some pieces hand-finished to the highest standard, so you can be confident you're choosing products that combine durability with timeless style.

AVON LEVER HANDLE

SERVICES

Expert Joinery, Tailored to You

At the heart of our business is a dedicated joinery workshop, where craftsmanship and customisation come together. We offer a fully bespoke service to bring your vision to life, whether you're restoring a period property or embarking on a new build.

Our services include:

- Made-to-measure joinery
- Full drawings and designs, ideal for planning applications
- Traditional construction methods
- Choice of oiled or painted finishes
- Manufacturing in a wide range of timber species, including:
- English or European Oak, Chestnut, Maple, Softwood, Sapele, Iroko, Idigbo, Douglas Fir, and Accoya

To complete the service, we also offer professional installation, ensuring everything fits and functions perfectly.

JOINERY WORKSHOP

PROCESS

OILED/PAINTED FINISHES

1. Enquiry

We offer a free design consultation to discuss your ideas and site details, allowing us to prepare a no-obligation estimate.

2. Site Visit

A pre-arranged visit to assess the site, access, and your joinery needs – free of charge.

3. Consultation & Design

We confirm your design, review extras, and ensure compliance. A final quote is provided before any commitment.

4. Order Placed

A 50% deposit secures your place in our production schedule.

5. Production

Our joiners craft your bespoke items to spec and timeline. Upon delivery, the remaining 50% balance is due and for supply-only, this completes the process.

6. Fitting (if required)

If supply and fit, an extra 40% is due at this stage prior to fitting. Our experienced team fits everything on-site with care and precision.

7. Completion

Upon completion, the remaining 10% balance is due for supply and fit.
